

College of Nursing & Health Professions

LPN to RN Articulation - Associate Degree Nursing Program – Admission Selection Points Worksheet

The LPN to RN Articulation Program has limited enrollment and a selection process for admission into the Program. After all admission eligibility requirements for placement into the selection pool have been satisfied and applicant has applied online for the LPN to RN Articulation into Associate Degree Nursing Program, the Nursing Program uses the following point system for selection into the program. Top scorers receive conditional admission in ranking order based on seats available. We place all other applicants on an alternate list in ranking order.

- Student must have evidence of satisfactory academic progress in order to be eligible for consideration for the program.

INSTRUCTIONS/NOTES FOR EACH SECTION

A

College cumulative grade point average is calculated by all points earned and divided by hours attempted for all college level course work you have taken. An official transcript(s) must accompany your application.

D

The point value you select should be based on the most recent grade you received in the specified course. BIO 111, BIO 211, BIO 212, MDT 100 are Carl Sandburg College course numbers. See the Carl Sandburg College Course Catalog for course descriptions

B

Points based on your ACT, SAT, or TEAS score.

Note: TEAS scores are valid for 2 years. SAT and ACT scores are valid for 5 years.

E

This is where you total up the points you have earned in sections A-E (Note the maximum allowed for each section).

C

Points are based on previous college level course work and college degree.

**Minimum scores considered:
8 total points with minimum
TEAS score of 58, ACT score of 21,
or SAT score of 960 to qualify for
admission**

* All Science courses must not have been taken more than (7) years prior to the time of application.

If students have the same total point count, we will rank according to the date/time that the Nursing application was submitted.
