

College of Nursing & Health Professions

Associate Degree Nursing Program – Admission Selection Points Worksheet

The Associate Degree Nursing Program has limited enrollment and a selection process for admission into the Program. After all admission eligibility requirements for placement into the selection pool have been satisfied and applicant has applied online for the Associate Degree Nursing Program, the Nursing Program uses the following point system for selection into the program. Top scorers receive conditional admission in ranking order based on seats available. We place all other applicants on an alternate list in ranking order.

- Student must have evidence of satisfactory academic progress in order to be eligible for consideration for the program.

Although you may meet the eligibility requirements to apply to the Associate Degree Nursing program, your point total may not be enough for acceptance into the program. Feel free to contact an Academic Advisor to discuss ways you might increase your point total and increase your chances of acceptance into the program in the future. (309) 341 – 5237.

INSTRUCTIONS/NOTES FOR EACH SECTION

A

College cumulative grade point average is calculated by all points earned and divided by hours attempted for all college level course work you have taken. An official transcript(s) must accompany your application.

D

The point value you select should be based on the most recent grade you received in the specified course. BIO 111, BIO 211, BIO 212, MDT 100 are Carl Sandburg College course numbers. See the Carl Sandburg College Course Catalog for course descriptions.

F

This is where you total up the points you have earned in sections A-E (Note the maximum allowed for each section).

B

Points based on your ACT, SAT, or TEAS score.

Note: TEAS scores are valid for 2 years. SAT and ACT scores are valid for 5 years.

E

Points based on a previous C.N.A certification. Certification must be active on Healthcare Worker Registry with one year of clinical experience.

C

Points based on previous college level course work and college degree.

**Minimum scores considered:
10 total points with minimum
TEAS score of 58, ACT score of 21,
or SAT score of 960 to qualify for
admission**

* All Science courses must not have been taken more than (7) years prior to the time of application.

If students have the same total point count, we will rank according to the date/time that the Nursing application was submitted.
