Associate Degree Nursing Program – Admission Selection Points Worksheet

The Associate Degree Nursing Program has limited enrollment and a selection process for admission into the program. After all admission eligibility requirements for placement into the selection pool have been satisfied and applicant has applied online for the Associate Degree Nursing Program, the nursing program uses the following point system for selection into the program. The maximum number of points is 45. Top scorers receive conditional admission in ranking order based on seats available. We place all other applicants on an alternate list in ranking order.

If students have the same total point count, we will rank according to date nursing application submitted. If applications were received same date, we will utilize the students GPA.

***Adjusted Individual Score (AIS) cumulative score needs to be 62% or higher to be considered for admission into the nursing program. We will evaluate applicants with TEAS score below 62% but higher than 56.7% according to their individual TEAS subject scores, and completed college program courses. Based on the qualified applicant pool this does not guarantee the applicant admission selection. If applicant selected for admission, the applicant may be required to take additional remedial support courses, attend tutor sessions, and other student study groups, etc. as part of the conditional admission requirements.**
